REFLECTING AND IMPROVING DEBRIEFING SKILLS AND
CRISIS RESOURCE MANAGEMENT IN SIMULATION TRAINING*

Ervin Saik

participated in the **Advanced EuSim Simulation Instructor Course** in CAMES, Denmark.

The three-day course taking place November 4-6, 2015 covered different aspects of debriefing and Crisis Resource Management (CRM) in depth. The participant reflected on and received training in team processes, human behaviour, human factors, feedback, debriefing techniques in regular and difficult situations. Activities included interactive debriefing games, CRM-oriented simulation scenarios and debriefings. The course consisted of lectures, workshops, debriefing sessions with feedback, simulation scenarios, guided reflection elements and group discussions.
